

Wir stärken Menschen
durch Bildung
MACHEN SIE MIT!

We empower people through education. **JOIN US!**

This is us. WBS GRUPPE.

The WBS GRUPPE is one of Germany's leading education providers. Our services include funded vocational training and retraining (WBS TRAINING), extra-occupational education (WBS AKADEMIE) as well as apprenticeships in the field of healthcare, nursing and social affairs (WBS SCHULEN). We convey excellent qualification, self-competence and hands-on expertise. This way, we increase our customer's job and career perspectives and help companies in promoting professionals. Join in!

SOFTWARE DEVELOPER (m/f/d) JAVASCRIPT/REACT

 Berlin

 Now

 Fulltime (40h/Week)

Tasks that await you:

As a Software Developer (m/f/d) of WBS CODING SCHOOL you will help building and shaping our virtual learning platform. Together with our Head of Teaching you will create and design curricula for our future courses to provide students with a world class learning experience.

- You will support building and improving our virtual learning platform to create a boundary-pushing learning experience.
- Together with our Head of Teaching you will build world class curricula for our future courses.
- You accompany our future trainers as a guide and coach.

Strengths you convince us with:

You are looking for a flexible work environment in a young and dynamic team and are enthusiastic about helping people getting started in the technology sector. In addition to sports offers, free coffee and fresh fruit, we also offer exciting events with our students and the team. Therefore we would like to have the following expertise from you:

- Minimum 3 years of experience as a professional developer (m/f/d).
- JavaScript, React and Node.js are your daily life tools (PHP is a plus)
- You are familiar with topics around DevOps (Deployment, Monitoring, Testing).
- Strong communication skills. You love to share knowledge and outcomes with the team and key stakeholders.
- You are a self-starter and you love to push projects over the finishing line.
- Fluent English (German is a plus).
- Experience in Data Analysis/ Engineering is a plus.

Create.

Learn.

Work-Life-Balance.

Value.

Feel Good.

We will be happy to receive your application!

Just fill in the application form [on our website](#).

With your application you agree to the further processing and storage of your data until the completion of the application process.
